

CURRICULUM

Our School Sangam Children's Academy was established in 1978. The school opened its doors to receive pupils on March 1978 with a staff of three teachers and 14 students on roll. Today, it has over 650 students, 26 teachers and about 4 ancillary staff on roll. This school has been affiliated by Central Board of Secondary Education upto Senior Secondary level and our students who appear for board examinations produce excellent result.

Our organization follows the CBSE curriculum properly. The entire learning tenure of a child's life is divided into Pre-Primary education, primary education, secondary education and senior secondary education.

The Pre-primary section has three classes (Nursery, Lower KG & Upper KG), Primary Section includes classes from (I to V) and the secondary section includes the classes from (VI to X). The senior secondary comprises of classes (XI Science, XI Commerce), (XII Science & XII Commerce).

The subjects currently offered are English, Hindi, Social Science, Mathematics, Science and Computer Application, with Sanskrit as the third language at the middle school level. At the senior secondary level the school offers a choice between science and commerce streams. The medium of instruction is English.

To facilitate participation and build the competitive spirit in extra curriculum activities, the school has four houses: Subhash (Red House), Tagore (Yellow House), Ashoka (Blue House) and Raman (Green House).

The school follows the curriculum laid down by the CBSE Board. We follow the CCE (Continuous and Comprehensive Evaluation) pattern of evaluation wherein students are assessed continuously throughout the year. The school session comprises two terms, each including two formative assessments and one summative assessment. The progress reports are given after each term.

Clubs: Students are encouraged to become a part of different clubs according to their interests: the Environment Club, the Literary Club, the Health and fitness Club and the Science Club, music club, art & craft club. These clubs plan and execute different activities throughout the year.
